

# IRAN DATIS

## AUTOMATIC PRESSURE CONTROL

**Model: IDS - 2202**

|                              |                   |
|------------------------------|-------------------|
| ● Input Voltage:             | 220V              |
| ● Frequency:                 | 50-60Hz           |
| ● Max. Current:              | 10A               |
| ● Power:                     | 1.1kw             |
| ● Starting Pressure setting: | 1.5 bar - 3.0 bar |
| ● Max Working Pressure:      | 10 bar            |
| ● Connection Thread:         | R1"               |
| ● Max Working Temperature:   | 60° C             |
| ● Protection Rating:         | IP44              |
